A Different, Better and More Affordable Travel Experience

Avelo took flight on April 28, 2021, becoming America’s first new airline in nearly 15 years. The airline operates a fleet of eight American-made Boeing Next-Generation 737-700 and 737-800 aircraft. Amidst the crowds, long lines, lengthy walks and traffic congestion encountered at most major airports, Avelo primarily serves smaller airports. These airports are typically more convenient and offer a refreshingly smooth, quick and simple hometown airport experience.

Avelo offers several unbundled travel-enhancing options that give Customers the flexibility to pay for what they value, including priority boarding, checked bags, carry-on overhead bags, and bringing a pet in the cabin.

The Boeing 737 jets Avelo flies offer a more spacious and comfortable experience than the small regional aircraft historically operating at the smaller hometown airports Avelo primarily serves. Customers may choose from several seating options, including seats with extra leg room, as well as pre-reserved window and aisle seating.

Avelo is distinguished by its Soul of Service culture. The culture is grounded in Avelo’s “One Crew” value which promotes a welcoming and caring experience. By caring for one another and owning their commitments, Avelo Crewmembers focus on anticipating and understanding Customer needs on the ground and in the air.
